REBELS REPORT MANY VICTORIES OF THEIR FORCES

Constitutionalists Report Signal Success Near San Luis Potosi

ACTIVE IN 3 CAMPAIGNS

Carranza's Messages Show Three Converging Campaigns Active About Mexico City

LIPPITT RESOLUTION TABLED

WASHINGTON, May 6.—While the Mexican situation was outwardly calm today, pnding the formal opening of the conference of South American mediators at Niagara Falls on May 18th, there continued an active under-current of discussion and preparation for the peace plans and at the same time definite reports reached the constitutionalist headquarters here of sweeping victories of their forces near San Luis Potosi and other points far south of Saltillo, where it was thought their next big battle would occur. The news of constitutionalists successes reached here in dispatches from General Carranza to Raphael Zubaran, minister of the interior in the constitutionalist cabinet, who had a direct wire set up to the headquarters of General Carranza in Chihuahua today.

General Carranza's messages showed that three converging campaigns were in active operation, each within three hundred miles of Mexico City. General Obregon with 15,000 men operating from the Pacific coast side, had captured all the intervening territory and was besieging Mazatlan and threatening Mexico City from the west.

Another division, General Carranza reported had fought a battle at Penzacos, near San Luis Potosi, which is 300 miles north of Mexico City. This is the southernmost point which the constitutionalists have reached in central Mexico and with the army now attacking Tampico, they declare that the general advance on the Mexican capital is to be made within a few weeks from their sides. The significance of these constitutionalists successes lay in the fact that San Luis Potosi is far south of Saltillo and only 300 miles from Tampico on the west and Mexico City on the south. General Carranza's report of the desperate condition of the federals at Mazatlan was coincident with reports from Rear-Admiral Howard who stated that a land and sea engagement was carried on their throughout yesterday, the constitutionalists firing rifles and field guns from Piedra Island, while the federal gunboat Morelos was supported by the federal shore batteries.

To Extend Lines at Vera Cruz.

Aside from the notable constitutionalist successes the chief military development of the day wa sthe authorization to General Funston to extend his lines at Vera Cruz as might be required for defensive purposes, without, however, undertaking any aggressive operations.

A report also came from General Funston that he could secure no definite information as to active movements by the federals Under General Maas, but he construed what they were doing as being merely defensive.

No further reinforcements have been ordered to Vera Cruz nor has there been any sign of General Wood moving to the front to assume command.

The naval situation was shown in reports fom Rear-Admiral Badger as to the Atlantic coast points and from Rear-Admiral Howard as conditions on the Pacific Coast side. Admiral Badger stated that sharp fighting had occurred between Mexican federals and constitutionalists mid-way between Vera Cruz and Tampico and he added that rumors reached him through Admiral Mayo that some of Villa's forces intended to take and burn the city of Tampico. Admiral Mayo put no faith in reports of a truce between federals and constitutionalist elements about Tampico.

Caustic Debate in Senate.

Congress again came into the Mexican situation today when a caustic debate took place in the senate over the resolution of Mr. Lippitt of Rhode Island, asking President Wilson for information as to his reported support of Pancho Villa for next ruler of Mexico. The resolution was finally tabled by a viva voce vote, but not until Senator Lippitt had discussed reports of the administration's support of the villanous Villa, the landing at Vera Cruz and other incidents.

Repeal Purchases Immunity.

Mexico also crept into the debate on the repeal of the Panama tolls exemption act when Senator Bradley of Kentucky said that the repeal was to purchase immunity for a continuation of watchful waiting in Mexico.

The South American mediators completed their plans for beginning the conference at Nagara Falls. Headquarters will be established at a leading hotel there, which consented to advance the date of its opening in order to accommodate the conference. The mediators, with their secretaries, stenographers, etc., will make a party of about fifteen. They will leave here on the fourteenth to prepare for the opening conference on the following Monday. The Huerta delegates are expected to arrive by way of Montreal.

The mediators announced today that they would proceed with their work without regard to the course of Carranza. They have made no further overtures to him, and if he comes in it will be voluntary on his part. In quarters outside of the mediators, however, pressure is being applied to Carranza to bring him into the conference. It is believed to be the desire of the United States that he should participate, in order that the en tire Mexican trouble may be brought within any settlement secured.

U. S. Delegates Still in Doubt.

The United States delegates have not yet been named. Secretary Bryan said today that there was no truth in published intimations that the United States might not appoint delegates and thus withhold participation in the conference. He will talk further with President Wilson before the names are announced. A notable official assemblage will meet the funeral ship Montana when it arrives at Brooklyn on Monday with the dead sailors and marines from Vera Cruz. Besides the president and the secretary of the navy, twenty one members of the house of representatives will be designated to attend the ceremony under a resolution of the house adopted today. A simiiar resolution probably will be adopted by the senate.

Bryan Receives Oil Men.

During the day Secretary Bryan received a delegation of men connected with the oil industry at and near Tampico. They were desirous of getting written assurances from the federal and constitutionalists commanders there that the oil properties would be safeguarded. Mr. Bryan told them that both the warring factions had agreed not to attack the oil properties, and that the American consulate, which has been re-established by consent of the federal commander was assisting in the preservation of property. The members of the delegation represented American and one British property. Anxiety concerning the whereabouts of Vice and Deputy Consul John R. Silliman of Saltillo who disappeared while on a mission to San Luis Potosi was not allayed during the day, no replies having been received to the message of inquiry addressed to Mexico City.

Dr. Ryan the American agent arrested on a charge of espionage and Consul Bonney and wife of San Luis oPtosi are among the refugees now in Mexico City.

BANK ADVANCES $62,000 TO THE HAITIEN GOVERNMENT

Sum is Amount of Idemnity Claimed by British Subject Whose Sawmill Was Destroyed During Revolution.

Port au Prince, May 6.—The national bank tonight advanced to the Haitien government $62,000, the amount of the indemnity claimed by Mr. Peters, a British subject whose saw mill had been destroyed by fire during the Leconte revolution. The payment had been demanded today in an ultimatum from the British diplomatic representative. The incident is regarded as closed.

Consternation had been caused in the capital by the British ultimatum, whose time limit expire at six o'clock this evening and which was supported by the presence of the British cruiser Suffolk.

A joint session of the senate and congress was called immediately but was afterward recalled, owing to the absence of some members.

A resolution was adopted calling on the president of the republic to demand the resignation of J. N. Leger, minister of foreign affairs, or to dismiss him from the cabinet, as he was held responsible for the incident.

Later in the evening the resignation of M. Leger was announced and this brought about an abatement of the excitement.

BEGINS SECOND TRIAL.

New York, May 6.—Charles Becker, former police lieutenant today began his second battle to save himself from death in the electric chair as the instigator of the plot to murder Herman Rosenthal the gambler. Late today the entire panel had been exhausted and there were five jurors in the box. The district attorney expects to have the jury complete tomorrow.

CITIZENS DEMAND ACTION RESCINDED

RECOMMENDATIONS OF INVESTIGATING COMMITTEE MADE PUBLIC

Committee of Decatur Citizens Demand That Action of Board of Managers of Millikin Universtiy Asking Pres. Fellows' Resignation Be Rescinded.

DECATUR, Ills., May 6.—That the action of the board of managers of James Millikin University in asking President G. E. Fellows' resignation will be rescinded is practically assured by the report and recommendations of the investigating committee of Decatur citizens made public tonight. This committee was appointed from the educational committee of the association of commerce and its recommendations it has been agreed will govern so far as possible the future conduct of the university because of the support given the school by the citizens of Decatur. The recomendations as summarized follow:

A demand for the rescinding of action of the board of managers in asking President Fellow's resignation and such action expunged from the minutes.

That the resignation of Dr. S. E. McClelland, president of the board, be accepted.

That in the future all board members be Macon county residents and at least one member be an alumnus.

That in making the expense budget of the university the trustees advise the amount to be received from the James Millikin estate by the university.

MAY BUILD ADDITION TO STATE HOUSE IN SPRINGFIELD

Step Towards Such Building is Taken at Meeting of State Education Commission.

Springfield, Ills., May 6.—Steps towards the erection of an addition to the state house in this city and the building by the state of a branch capital in Chicago, were taken here today at a meeting of the state education commission, the economy and efficiency commission, the state art commission, the legislative reference bureau and Governor Dunne. The increasing volume of the state's business, the enlargement of various departments and the creation of new boards and commissions during the past few years, have combined to bring about a condition of affairs, making it necessary that immediate action be taken towards providing more room for the state's use. The plan of erecting another wing to the state house on the west side of the building 350 by 75 feet was discussed and if such an addition can be built without marring the architectural appearance of the capitol building a recommendation will be made to the next legislature that such work be commenced. The tentative plans were referred to a sub-committee of the state art commission, consisting of state superintendent of instruction, Francis G. Blair of this city and Dr. Otto L. Schmidt of Chicago.

Tentative plans for a state building in Chicago were today laid before the governor by the efficiency and economy commission and the legislative reference bureau. At present the state is renting twenty-one different offices in Chicago, at an annual cost of $67,000.

The placing of all these departments under one roof would in all probability result in a yearly saving of several thousand dollars.

Governor Dunne today accepted an invitation to deliver an address at the dedication June 13th, at Lincoln park of a monument to Johan Goethe, the German poet.

EMPLOYES ASK ENFORCEMENT OF RAILROAD HEADLIGHT LAW

SPRINGFIELD, Ills., May 6.—Practically every steam railroad in Illinois was represented at a hearing today before the state utilities commission as a result of a petition filed by the various organizations of the railroad employes asking that the railroads be compelled to comply with the head light law passed by the last legislature. The employes ask that a time limit be set at July 1st for the railroads to comply with the new statute, while attorneys for the roads asked that time be given them until a decision is announced in a Georgia case in which the constitutionality of a simlar law is attacked. The state commission announced it would take the case under advisement.

COP STRIKERS STILL OUT.

Burlington, Iowa, May 6.—The seven police officers who struck last night because their old captain had been reduced to the ranks and one of their own number put in his place, are still out. The chief of police has engaged five new men temporarily to help patrol the city tonight. The city clerk will serve notice on the strikers tomorrow that they have been suspended and they will be given three days to present their cases to the police and fire commission.

ACTION IS DEFERRED.

Indianapolis, May 5.—Action on the request of the Ohio coal miners for a strike was deferred today by the executive board of the United Mine Workers of America in session here.

Senator Lippitt urged adoption of resolution asking President Wilson to explain reports that he supports General Villa.

Continued consideration of agricultural appropriation bill.

Adjourned at 5:50 p. m., to noon Thursday.

WASHINGTON, May 6.—All nations will know that the repeal of the Panama tolls exemption law will be done to "purchase immunity for a continuation of watchful waiting in Mexico" it was charged in the senate today by Senator Bradley of Kentucky, opposing the repeal bill.

"If the United States is lacking in influence, or standing today," he said, "it is not on account of the tolls question but because of its weak, vaccilating and uncertain policy of 'watchful waiting', with Mexico. You might as well try to establish a Sunday school in hell as real constitutional government in Mexico by Mexicans."

Discussing the president's message the senator said:

"He knew when he delivered it that the toll exemption law had been carefully considered and debated in both houses before it was enacted. We are flippantly at times almost insultingly told that our objection to repeal is in the interest of the coast wise shipping monopoly. Even if the charge were true it is better by far that we should favor a monopoly to our own people than to grant a monopoly to Great Britain with her subsidized ships, the trans-continental railroads of Canada and the English-owned railroad of Lord Cowdray in Mexico. But the charge is absolutely and manifestly false."

Predict Early Adjournment.

After a conference at the white house today between the president and leaders of the senate, it was predicted congress would adjourn by July 10th.

Senator Kern said there was no intention to curtail the proposed legislative programme including the necessary appropriation bills, the Panama canal tolls repeal bill and the anti-trust bill. The rural credits and immigration bills may not be taken up by the senate at the present session although the senator said the calculations left plenty time for the consideration of these measures and for such miscellaneous business as may come up from time to time.

Untermyer Dissects Bill.

Samuel Untermyer, who was counsel for the house money trust investigating committee, today dissected the pending anti-trust bill before the senate inter-state commerce committee. He approved in general the ideas in the bill for curbing trusts, declaring that it was the best bill so far introduced at this session of congress. Many changes in phraseology were suggested, however, and in several instances Mr. Untermyer criticised the scope of the measure's provisions.

Before he concluded Mr. Untermyer made it clear that in his opinion

INSURGENTS REFUSE TO CONCEDE DEFEAT

ADMINISTRATION FORCES OF WOODMEN CLAIM MAJORITY OF DELEGATES

Administration Delegates at Illinois Head Camp Bolt and Hold Convention of Their Own.—There Will be Two Delegates From This State to National Convention.

ROCK ISLAND, Ills., May 6.—Returns from the election of delegates to the head camp of the Modern Woodmen of America at Toledo, Ohio, in June, gave 220 of the 334 delegates to the administration forces, according to the announcement at the Woodmen headquarters here tonight.

The opposition forces, who were fighting to depose the present officers refused to concede their defeat, however.

At the Illinois head camp here the administration delegates bolted and held a convention of their own.

Illinois has 73 delegates and there will be two delegates from Illinois to the national convention.

The meeting of the Illinois camp resulted in the holding of two conventions, the administration forces bolting from the hall where the insurgents, who are fighting to depose the present head officials gained control. Much bitterness marked the proceedings. The administration forces elected E. D. Reynolds of Rockford, state consul and C. Edwin Johnson of Paxton clerk, both to serve three years, and voted the 1917 head camp to Chicago.

The insurgents elected H. M. Cleary of Galena consul and Frank D. Drummond of Joliet, clerk. The unrest in the Woodmen ranks cropped up as a result of the action of the head camp at Chicago in 1912, increasing the insurance rates. The "insurgents" carried the case to the Illinois supreme court and were rewarded with a verdict that the increased rates were not equitable and were not justified.

The head officers then decided not to press the matter further at that time, but to center their activities to ward controlling the Toledo convention.

Insurgents in Control.

Stillwater, Minn, May 6.—The triennial state convention of Modern Woodmen split into two sections here late today, the regulars and insurgents each electing a set of delegates to the national convention to be held in Toledo in June.

Insurgent branch of the order had gained control of the convention earlier in the afternoon, after which the supporters of the administration left the hall and proceeded to elect their own delegates.

Insurgent Faction Wins.

Cedar Rapids, Iowa, May 6.—The Modern Woodmen of America held their state convention here today and the insurgent faction won out over the regulars with a large majority. Insurgents were elected state consul and state clerk, and on a motion to name the national delegates from the lists prepared at senatorial district caucuses, the regulars lost. A list was substituted every man of which is affiliated with the insurgency, and the regulars, headed by John M. Mercer of Burlington bolted. The delegation to the national convention will go instructed to vote against every head officer now holding office.

No candidates were named to oppose the present head officials, but these will be named at a caucus before the national convention. The delegates were instructed to vote for the repeal of the so-called Chicago rates.

Victory For Insurgents.

Sedalia, Mo., May 6.—Declaring against the proposed increase in rates for the order, the Missouri State camp of Modern Woodmen of America, at a triennial meeting here today voted 91 to 23 in favor of allowing the present rates to stand. It was a victory for the "insurgents" over the organization men.

Administration Forces Win.

Eugene, Ore., May 6.—Administration forces of the Stott Camp M. W. of A. won today by electing their delegates to the head camp at Toledo, O. The delegates go instructed as to voting on rate readjustment and for head officers.

Insurgents Control Convention.

Fond du lac, Wis., May 6.—The "insurgents" controlled the state M. W. of A. convention today, electing twenty-four delegates and twenty-four alternates to head the camp at Toledo on June 16th.

Insurgents Win on Test Vote.

Hastings, Neb., May 6.—Administration forces of the Modern Woodmen of America were defeated tonight on a test vote by the insurgents in the state convention on the question of electing delegates to the head camp at Toledo. Following their defeat the administration men bolted the convention and announced their intention of holding a separate convention and electing a contesting delegation. This meeting was in progress at a late hour tonight. The insurgents had previously adopted a resolution calling for the retirement of the head officers and the repeal of the so-called Chicago rates.

Insurgents Lose Fight.

Bellingham, Wn., May 6.—Insurgent forces in the state camp of the Modern Woodmen of America lost in their fight for delegates and the seven delegates named carry instructions to vote for an increase in insurance rates of the order at the national camp at Toledo, Ohio.

REVEALS SOME INSIDE ORGANIZATION DETAILS

"DUMMY" TREASURER OF METROPOLITAN STEAMSHIP CO., A WITNESS

Grover C. Richards Testifies to Going to New York and Signing Checks Totaling $3,000,000 Without Knowing or Asking What They Were For—Gets $5 a Day For Signing Various Papers.

WASHINGTON, May 6.—Some of the inside details of the organization of the Metropolitan Steamship company of New Jersey were revealed today when the inter-state commerce commission resumed its inquiry into the affairs of the New Haven railroad and its subsidiaries.

Grover C. Richards of Portland, Me., told how he acted as "dummy" treasurer for the company when it was formed. He testified to going to New York at the request of Warren D. Chase, of Hartford, Conn., and there signing two checks totalling $3,000,000 without knowing what theye were for, without asking. This was on March 5, 1910 and Richards said he remained in New York about two weeks receiving five dollars a day and his expenses and signing various papers about which he had no clear remembrance.

James G. Brown, an examiner for the commissioners told of entries on the books on the New Haven between July 1st, 1912 and Dec. 1st, 1913 of payments for "work in connection with legislation" special legal service and advertising.

Warren D. Chase, corroborating some of the statements made by Richards declared himself as a "business man and lawyer" of Hartford and indicated that he had been active in the organization of various companies.

He said he formed the Metropolitan Steamship company at the request of E. D. Robbins, attorney for the New Haven road, but explained that it was a matter in which Mr. Robbins was interested personally and that it did not concern the New Haven.

Some of the questions put by Chief Counsel Folk for the commission, Mr. Chase refused to answer on the ground that to do so would be to violate confidential relations between lawyer and client. Later he partially receded from this stand and replied to some of the queries. His answer frequently was "I dont' recall."

BROTHER OF SLAIN CHICAGOAN GETS LETTER FROM PRESIDENT

CHICAGO, May 6.—Meyer Meisenberg, brother of "Sammy" Meisenberg, the Chicago boy who was one of the first marines to fall when Vera Cruz was taken, today received a letter from President Wilson. The letter was in reply to the letter of the dead marine's brother in which he offered his services to the country if occasion demanded.

"My Dear Friend," the letter of the president read. "Your letter of April 29th, has touched me deeply. I congratulate the nation that there are enough people in the land who feel the way you do and as did your brother Samuel about the welfare of the nation when they are called upon to give their lives for it. I thank you most sincerely and send you my deepfelt sympathy because of the death of your brother."

Morris M. Meisenberg, the father will leave tomorrow for New York to receive the body of his son next Monday.

Preparations for an impressive funeral have been made.

KHAKI UNIFORMS FOR SHORE DUTY FOR U. S. BLUEJACKETS

VERA CRUZ, May 6.—Another step toward the preparedness of the American forces here to meet any emergncy was taken today when the fleet received 5,000 khaki uniforms for the bluejackets in case they should be called upon for service ashore. The conspicuousness of the white uniforms worn by many of the sailors of the landing parties cost many lives during the first days of the occupation of Vera Cruz. Many of the bluejackets at that time dipped their white uniforms in coffee or muddy water in order to darken them but this process did not avail them very much. The organization of the sailors has now been completed and if ordered to land they will be formed into three distinct regiments.

DISARMING OF MINE GUARDS WILL BEGIN AT TRINIDAD TODAY

Troops Are Being Dispatched to Guard Mines In All Parts of Colorado

CONCEAL MANY WEAPONS

Strikers Give No Indication of Intention to Give Up Arms—Believe Many Are Concealed

ANIMOSITY SHOWN TROOPS

TRINIDAD, Colo., May 6.—The program of disarmament contending factions in the southern Colorado strike zone was practically announced today by Major W. A. Holbrook in behalf of Colonel James Lockett commanding United States troops in the district. Mine company officials tonight were notified that the disarming of their guards would begin tomorrow, and they replied that their men were ready to surrender arms just as soon as they had received protection by the presence of federal troops on company property. Accordingly, detachments were placed at Aguilar, Hastings, Delagua, Tabasco, Benwind, and Forbes in Las Animas county and arrangements were being made for dispatch of troops to any mine properties throughout the state. When the guns have been secured from the mine guards the commanding officer of the federal troops will issue a proclamation calling upon individual strikers and citizens of Trinidad to deliver their weapons to the federal authorities and then police and county officers will be disarmed, leaving no weapons in possession of persons not in the direct service of the United States.

William Diamond, union leader, speaking to a mass meeting of strikers at Starkville today, attended by 300 men, declared that a shipment of 300 high power rifles and sixty thousand rounds of mamunition enroute from New York to the United Mine Workers of America would be turned over to the federal troops immediately upon their arrival.

The strikers themselves, neither at Starkville nor at the San Rafael camp, where a mass meeting of 200 strikers also was held, gave any indication of their intentions to give up their arms. Major Holbrook, who addressed both meetings said it was his belief that the strikers had already concealed some of their weapons and he called upon them as true citizens of the United States to procure them and bring them to the place which will later be designated.

Animosity Shown Troops.

For the first time since the arrival of the troops, animosity was shown them today by the strikers, according to one major. The quartermaster-sergeant stationed at Forbes with two troops of the eleventh cavalry reported that the farmer from whom he had been purchasing supplies was warned by strikers to sell no more forage to the army. The farmer refused milk, butter and eggs when the sergeant sent for them today. The lieutenant in command of the detachment immediately sent to the strikers tent colony at Forbes and demanded an explanation. He got none, but informed the strikers that the United States army would buy supplies wherever it chose and a guard was placed on the property of the farmer.

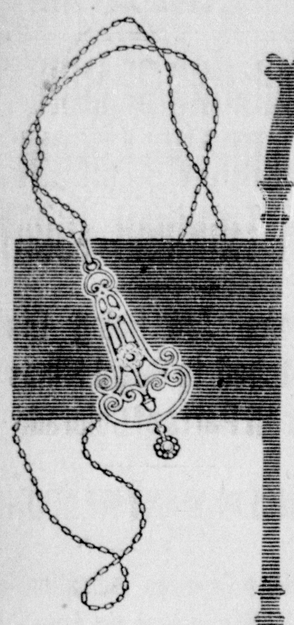

Late today the third squadron of the eleventh cavalry from Fort Oglethorpe, Georgia, composed of Companies I, K, L and M, numbering about 300 men, arrived after having been delayed by washouts in Oklanoma.

At the coroner's inquest today into the battle at Forbes and its fatalities witnesses were questioned concerning the number of strikers participating in the attack. Testimony on this point varied at from 150 to 200 men. The hearing was adjourned until Saturday morning.

Administration Program Wins.

Denver, Colo., May 6.—The administration program won in the senate late today. The bill authorizing the governor to close saloons in districts affected by strike disturbances was passed on second reading on the adoption of the report of the committee on the whole.

Following the debate over the liquor bill the military committee reported without recommendation the bill authorizing the governor to prohibit the importation of arms. Objection was made to the act on the ground that it prevented the arming of strikers while permitting any number of deputy sheriffs to be sworn in and armed. A plan to levy an income tax to meet the expenses of the militia in the strike zone was initiated by bills introduced in each house to levy a graduated tax on the incomes of persons, firms and corporations. The tax is to continue only until the military bills are paid.

A Mausoleum Is Assured For Jacksonville

The above cut is from a photograph of a Mausoleum built of Bedford stone, and will be reproduced in Jasper Granite at Jacksonville.

For centuries the thinking people have been trying to avoid earth burial for themselves, their wives, and their children.

From this effort evolved the Mausoleum idea, and up to the beginning of the present century, it was the custom for those who could afford it, to build for themselves a family vault or tomb; a method that only the very wealthy could accept. But at the present time we have become more neighborly and broad minded as to our mode of building a burial place for our loved ones, by a number of families uniting and building a Mausoleum large enough to contain the bodies of three hundred to one thousand people.

A local company has been incorporated under the laws of the state of Illinois, to build Mausoleums for the people of Jacksonville and the surrounding community.

These men have secured the rights and patents governing construction of the building, and the method of caring for the body, preventing all decomposition.

The Jacksonville Mausoleum Co. (inc.) have their offices and headquarters in the Ayers Bank Building and are permanently established. They have secured the services of D. D. Landis, of Oberlin, O., to do the soliciting for them.

Mr. Landis has had eight years experience in Mausoleum building, and after looking over the proposed plans and specification of the Mausoleum to be erected in Jacksonville, pronounced them without a doubt, as being the best, from point of beauty and strength, yet devised.

The exterior walls of the structure will be of Jasper Granite, and the interior will be of a very high grade of polished marble, including a beautiful and commodious chapel.

One of the grandest and most important features of the Mausoleum project it its ample endowment fund. Thereby insuring the perpetual care of the building.

For the site of the Mausoleum, the company have purchased a plot of ground, in and near the entrance to Diamond Grove Cemetery, where the imposing structure will command the respect and admiration of all who behold it.

TO TRY OUT WITH SPRINGFIELD

Earl "Dick" Wheeler, third baseman of the Eagles baseball team, went to Springfield Wednesday for a tryout with the Springfield club of the Three Eye league. While "Dick's" name did not appear in the line-up of the capital city team in yesterday's game, it is probable that he was given a workout during practice. He has been a most efficient third sacker for the Eagles and has exhibited ability that should aid him in qualifying as a professional.

WILL OBSERVE MOTHER'S DAY.

Next Sunday May 10th is "Mother's Day" and will be observed quite generally. On that day the custom has grown, for men especially, to wear "a white flower for mother's memory" or "a bright flower for mother's living."

The origin of Mothers' Day seemed shrouded in the mist of antiquity when it was only a year old. The Federation of Women's Clubs, when appealed to at that time, disclaimed responsibility, but said, "It's a fine idea." Officials of the Congress of Mothers replied, "We have no record of Mothers' Day, but the idea is good; we shall call attention to it at our next meeting."

Finally, the search for some one to whom the credit could be given led to an individual, Miss Anna Jarvis, 2031 North Twelfth street, Philadelphia, who conceived the idea in the desire to commemorate the anniversary of her mother's death.

It was not only the thought of laying some flowers on her mother's grave, but it occurred to her that it would be a beautiful tribute to all mothers, the living as well as the dead, if their children on a given day would unite in the simple wearing of flowers. She wrote a letter about it to a Philadelphia newspaper and it was this that caused Mothers' Day to break out in spots all over the country.

MISS CORA L. POTTER WEDS MR. HUBERT A. LITTLER

Ceremony Took Place at the Home of the Bride's Parents Near Lynnville.—Will Reside in Des Moines.

The marriage of Mr. Hubert A. Littler of Des Moines, Iowa, and Miss Cora L. Potter took place Wednesday afternoon at 12:30 o'clock at the home of the bride's parents near Lynnville, Rev. George W. Flagge, pastor of Centenary M. E. church, officiating.

The Potter home was prettily decorated for the wedding by the use of spring flowers and potted plants. Roses were used in the dining room. In the parlor where the vows were plighted the bay window had been artistically arranged with flowers and it was beneath this bower of greenery the marriage took place.

The attendants were Miss Esker Royse and Mr. Fred Davey, Jr. The bride wore a gown of crepe voille trimmed with Baby Irish shadow lace and carried bride's roses. The bridesmaid wore a dress of white voille and carried pink roses. A musical program was given by Misses Leila Potter and Miss Grace Potter, sisters of the bride. Miss Leila sang "I Love You Truly" and Miss Grace played "Simple Confession", "Melody of Live" and "Swan Song."

The bride is the daughter of Mr. and Mrs. Charles Potter, who have always been residents of the Lynnville neighborhood, except for the few years the family resided at 1220 West Lafayette avenue. She is an accomplished and attractive young woman and has studied voice under Prof. Olds and at the Woman's college. She is a member of Centenary M. E. church.

Mr. Littler is the son of Mrs. Alice Littler and has practically spent has entire life in Jacksonville. For eight years he was employed in the office of the Jacksonville Railway and Light company. He left here the middle of January and went to Des Moines, Iowa where he secured a position with the Des Moines Electric company. Both Mr. and Mrs. Littler are accomplished musicans and Mr. Littler is the director of the Capital Park Methodist church choir of Des Moines. Mr. Littler studied music here under Mrs. Hartmann, Mr. Songer and Madame Wagner. All of Mr. and Mrs. Littler's friends speak well of them and many good wishes will follow them to their new home in Iowa.

After the marriage an elaborate six course dinner was served and in cutting the wedding cake the following received the articles: Ring, Miss Fern Potter; coin, Allen Sturdy; button, Miss Helen Stury; darning needle, Miss Mayme Hilton.

They were the recipients of a number of pretty wedding gifts.

WORK IS PROGRESSING ON NEW ICE PLANT BUILDING

Brickworh Almost Complete and Supports Ready For Machinery in Structure Erected by W. B. Miser and Associates.

The ice plant building at the corner of South Sandy and Anna streets which Joseph De Goveia is erecting for W. B. Miser and his associates is almost finished and the foundations are in readiness for the machinery which is expected to arrive the first of next week. In thirty days or possibly less, Mr. Miser says, the plant will be in operation with capacity for an average output of 50 tons per day. The product of the plant will be handled locally by the Gates Fuel & Ice Co.

The building is 86 by 54 feet in dimensions and is about 25 feet high to the base of the cooling tower, for which the lumber is on the ground. Equipment for the plant will be furnished by the Ice & Cold Machinery Co., of St. Louis. In the main room there will be located the ammonia compressor and the tanks for freezing. In the north section of the structure is room for a loading platform and a 500 ton storage room.

Several smaller improvements have been inaugurated recently around the gas and electric plant on South Main street, among the more important of which is a bathroom and shower for the employes. This will allow the men to make use of hot or cold water at any time and will be a special convenience for those working in the company furnace room and gas plant.

NEW VILLAGE BOARD TAKES UP DUTIES

Short Business Session Was Held Wednesday Evening—Committees Appointed.

The village board of South Jacksonville held their regular meeting last night. The old board met first and canvassed the vote of Elmer E. Beastall, clerk; James McGinnis, J. R. Boston and William Helfer as trustees. All bills were allowed.

The new board then took charge of the meeting and President J. H. Hackett announced the following committees:

Street and Alley—William Hembrough, O. B. Heinl and William Barr.

Finance—O. B. Heinl and J. R. Baxter.

Lightning — James McGinnis, William Barr, William Helfer.

John R. Hill, who has been acting in the capacity of clerk for a long time will no longer be connected with the board as he has moved from Greenwood avenue to 228 West College street. The members expressed themselves as regretting Mr. Hill's removal from South Jacksonville and thanked him for the work he had done for the board.

WILLIAM H. LEDFERD IS NEARING CENTURY MARK

Celebrated His 91st Birthday Wednesday at the Home of His Son on Hardin Avenue.

In a quiet manner William H. Ledferd celebrated his 91st birthday Wednesday at the home of his son, F. L. Ledferd on South Hardin avenue. Mr. Ledferd was born in Salem, North Carolina, in 1823 and when a young man went to St. Louis. He often tells the story of shooting rabbits on 6th street, which is one of the prominent streets of St. Louis today.

He moved his family to Warrensburg, Mo., where he purchased 400 acres of land. He sold this the year before the war closed believing that the civil strike would last for a long time. He disposed of his land at a cheap figure and in 1864 came to Morgan county and resided on the Vandalia road. Later he bought a farm east of Jacksonville where he has since resided until 15 years ago when he came to Jacksonville to live.

Mrs. Ledferd died Dec. 4, 1912 an dat that time they had lived together 64 years. Mr. Ledferd, while not enjoying robust health gets about and takes an interest in the affairs of the day. He received a number of callers yesterday afternoon and also a number of remembrances.

He has the following children: William C., Mrs. Emma Corrington and Frank L. Ledferd of Jacksonville, Mrs. G. Graff of Orleans and Charles H. of Atlanta, Ga.

LITERBERRY HORSE SHOW WILL BE HELD THURSDAY, JUNE 4

Officers of Association Are Elected at Meeting Wednesday.—Supper to Be Held Same Day.

At a meeting of the members of the Literberry Horse Show Association held Wednesday evening, officers were elected and it was decided to hold the show on Thursday, June 4, this year. Committees were also appointed to make arrangements for the event and it is planned to make it one of the biggest and best ever held.

On the same day as the horse show is held the ladies of the Literberry Christian church will hold their annual supper. A meeting will be held today when arrangements for the affair will be made.

Officers elected by the Horse Show Association follow:

President—J. S. Hitchens.
Secretary—M. M. Crum.
Treasurer—W. E. Murray.

AT NICHOLS PARK.

A great many people went out to Nichols park yesterday to see the new acquisition in the shape of the three deer which have been added to the attractions of that resort.

A substantial structure has been erected for their safety and comfort and was the work of Joshua Vasconcellos & Sons and M. Van Houten while lumber was generously donated by Andrews & Sons, hardware by Terrence Brennan and painting by S. L. Biggs.

The fence is a matter of pride for it is especially substantial and ornamental as well. It is 8 feet, 6 inches high which is eighteen inches higher than the fence which incloses the quarters of similar animals in Lincoln park, Cicago. The fence is the American and is made of No. nine wire with steel posts and specially substantial corner posts and ornamental gate. It was put up by the veteran fence builder, John D. Adams and is a job which will be there a long time to come. The park board is under many obligations to Geo. S. Gay for his generosity in this particular while the street railroad company and many other subscribers have kindly responded to appeals for help in constructing the fence and buying the deer.

The inclosure measures about three acres which is more than is generally accorded that number of deer.

TWO GAMES TODAY.

SENATOR BRADLEY ATTACKS POLICY OF ADMINISTRATION

(Continued from Page One.)

the bill should be drawn as "tightly" as possible and that congress should go ahead and put it through without delay. He said business was waiting for uncertainty surrounding trust legislation to come to an end and warned the Democrats on the committee that this feeling might be reflected in the November elections.

Leaders Predict Early Action.

With the reporting of the house "omnibus" anti-trust bill by Chairman Clayton of the judiciary committee late today, leaders in the lower hanch predicted early action on trust legislation. A rule to bring the Clayton measure before the house probably the first of next week will be taken up immediately. The report on the house bill which differs slightly from the senate committee measure describes holding companies as "abominable" under certain conditions asserts "the common director in a great many corporations" usually results to public detriment, declares the bill, is not designed to destroy or hinder business but to help business and the whole people of the country who are elated to, or affected by it, and outlines the lawful scope of operations of agricultural labor and fraternal organizations.

SOCIAL EVENTS.

A pleasant picnic outing at the park was enjoyed by the young ladies of the Henry Millinery store Wednesday evening. They left for the park at 6:00 o'clock bearing ample refreshments, the materials for an old fashioned outdoor spread. A group picture of the company was taken soon after the young ladies' arrival at the lake.

The last meeting of the Woman's College Guild was held yesterday afternoon at the college, Miss Eleanor Thompson being the hostess. Miss Janet Powell gave a reading and the afternon was spent in a social way. The next meeting will be given in September.

The members of the cast of the high school play "At the End of the Rainbow" together with the stage help and Coach H. M. Buland and Principal Charles E. Collins, as chaperones went to the home of Miss Marie Scott last evening. The party walked to the residence northwest of the city where a good time was enjoyed with plenty of dainty things to eat.

SOUNDS WARNING.

Chicago, May 6.—A warning against monopolistic control of lumber prices and the dissipation of forest resources was sounded today by Henry S. Graves, chief of the forest service, United States department of agriculture. Mr. Graves spoke at a luncheon in connection with the annual convention of the National Lumber Manufacturers' convention, taking as his theme, "conservation and the lumber industry."

HUERTA REPRESENTATIVES WILL LEAVE FOR CANADA VERY SOON

Will Leave Mexico City Within Next Few Days—Mexicans in Capital Reported Greatly Frightened at Advance of Rebels.

Vera Cruz, May 6.—The representatives of Provisional President Huerta at the mediation conference to be held at Niagra Falls, Canada, probably will leave Mexico City in a day or two. They will go on board ship at Puerto Mexico, according to an official of the Mexican National railroad who arrived here today. He traveled in a special car attached to a refugee train. The official quoted General Huerta as saying:

"There is no reason for any foreigner to leave Mexico City but those who desire to do so will be given every facility. Those who remain will be protected to the fullest extent of my ability."

Sir Lionel Carden, the British minister has been tireless in attending to the interests of Americans and has been of great assistance to those leaving, according to the railroad official.

Refugees who came in today expressed their conviction that special efforts were being made by Mexican officials and army officers along the route from the capital to treat them in a kindly manner. Americans to the number of 2,000 or 2,500 will still be left in the capital after the exodus of the 600 expected to depart today for Puerto Mexico.

As far as is known no American in Mexico City has been killed or even injured during the trouble period, the railroad official declared.

Hundreds of Mexicans convinced that their lives would be forfeited if they remained in the capital until the arrival of Francisco Villa or Emiliano Zapata, are reaching Vera Cruz daily. Unless they greatly exaggerate the fright that has been occasioned by the approach of the rebels to the capital the problem of caring for a congested native population within the American lines here will soon be added to the work of Brig. Gen. Funston and his officers.

IN DANGER OF DEPLETION.

Washington, May 6.—Vera Cruz food supply is again in danger of depletion. Secretary Garrison said tonight that today's reports from General Funston showed many people are coming into Vera Cruz from Mexico City and other large towns and that because Vera Cruz is already overcrowded the consumption of food daily exceeds the amount brought in.

The secretary stated there was abundant testimony from many sources that the inhabitants of Vera Cruz are much pleased with the conduct of the officers who are administering the civil government.

HOLDS LEGENDS DECEPTIVE.

Washington, May 6.—Holding the legends "Guaranteed under the food and drugs act" and "guaranteed by the manufacturer" to be misleading and deceptive the board of pure foods holds that the use of these legends on packages of foods and drugs, accompanied by serial numbers by the secretary of agriculture shall be discontinued after June 1st.

Effectiveness of the new regulation was postponed to give the manufacturers opportunity to use their present stocks of labels.

158 BODIES REMOVED.

Eccles, W. Va., May 6.—Mine No. 5 of the New River Collieries company was sealed late today after 158 bodies had been removed. Fourteen of the men killed in the explosion the afternoon of April 28th remain in the workings and will not be taken out until the mine has been cleared of debris. A coroner's jury was impanelled and the taking of testimony to fix the responsibility for the explosion was begun.

SEARCH IS FRUITLESS.

Boston, May 6.—Search by several steamers in the waters south of Sable Island today and tonight had failed up to a late hour to add to the list of 27 known survivors of the burned liner, Columbian. The total of known dead remained at three. Somewhere in or near the westbound trans-Atlantic Steamer Lane, probably is a small boat with the chief and second officers and from seventeen to twenty-four members of the crew.

DENIES NEW TRIAL.

Atlanta, Ga., May 6.—Judge Ben H. Hill of the Fulton county superior court, denied today the extraordinary motion for a new trial for Leo M. Frank, the young factory superintendent under sentence of death here for the murder in April of last year of Mary Phagan, a factory girl. In denying the motion, Judge Hill announced that he would sign a bill of exceptions, thus allowing the ruling to be appealed to the state supreme court.

WEALTHY FARMER KILLED.

Sac City, Iowa, May 6.—Albert Henry Ruschke, aged 51, a wealthy farmer living about seven miles southeast of this city was killed today and John deBourgh, a neighbor and a man named Higgins injured when an automobile driven by Ruschke fell from a bridge two miles southeast of this city.

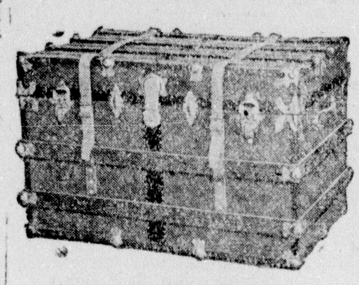

MARIE GANZ SENTENCED.

New York, May 6.—Marie Ganz, the Industrial Worker of the World speaker, who repeatedly threatened John D. Rockefeller Jr. with bodily harm because he refused to interfere in the Colorado coal strike, was sentenced today to serve sixty days in the work house on Blackwell's Island.

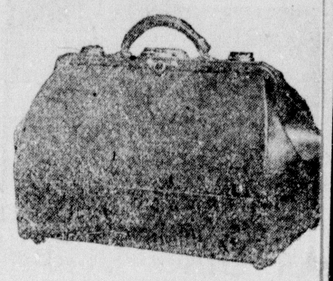

APPOINTED COMMISSIONER.

Springfield, Ills., May 6.—Governor Dunne today appointed John P. Friedlund, Chicago, commissioner of Lincoln park, to succeed Amos Pettibone, resigned.

Putting on the Fat

Out on my farm I am giving a practical demonstration of what can be accomplished with the Wood's Grain Softener.

There are 43 cattle in the bunch. Each steer is getting a peck of corn daily. It is ground, cob and all and then cooked. In addition to the corn, each steer gets about nine pounds of clover hay a day and straw is near them all the time. A man with long experience, who has been watching these cattle, says they are putting on three to four pounds a day. They are sure making good money and the reason is that corn prepared in my cooker has far more nutriment value than fed in the ordinary way. Come and see these cattle.

Blood Tonic Has Important Meaning

Puts the Right Sort of Vim Where Most Needed.

To tone the blood means to enable it to throw off accumulated impurities, to increase the red corpuscles and to put the blood-making organs into such active condition as to produce that conscious sensation of what we feel as health.

This is the logical effect of using the famous blood purifier, S. S. S.

Half the people you meet complain of weary muscles, stagnant brain, jangled nerves, and a wonderful desire to lay down and just quit. Most of these people have been using nervines that spasmodically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear in mind that this worn-out feeling is due to poor blood, to bacteria in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

S. S. S. has long been famous as a blood purifier, and its action by elimination of the irritating poisons that infest the blood, is one of the very important things to know.

You can get S. S. S. at any drug store, but take no other so-called blood purifier.

S. S. S. is purely a vegetable product, and you will make a great mistake to have some enthusiast palm off a mercury, arsenic or iodide of potash preparation that may do you irreparable harm.

S. S. S. is prepared by The Swift Specific Co., 533 Swift Bldg., Atlanta, Ga., and if you have any deep-seated or obstinate blood trouble, write to their Medical Dept. for free advice. It will be worth your while to do so.

WHITE HOUSE WEDDING WILL TAKE PLACE TODAY

MISS ELEANOR RANDOLPH WILSON TO BE BRIDE OF WILLIAM GIBBS M'ADOO.

Miss Wilson Will Be Fourteenth Bride of the White House and First Daughter of a President to Become Wife of a Cabinet Officer.

Washington, May 6.—Another white house wedding, the second during the Wilson adminstration, occurs tomorrow, when Miss Eleanor Randolph Wilson, youngest daughter of the president, will be united in marriage to William Gibbs McAdoo, secretary of the treasury in the Wilson cabinet. Miss Wilson will be the fourteenth bride of the white house, and the first daughter of a president to be united to a cabinet officer.

The wedding ceremony of tomorrow has been awaited with eager interest by the social and official intimates of the Wilson circle. But compared with some of the brilliant wedding functons of the past, this will be comparatively quiet, participated in mainly by the immedate family and relatives, and the president's offical family made up of the vice-president and members ofthe cabinet, with their wives. This is in accordance with the tastes and wishes of the parties and the white course circle, and also to some extent due to the absorbing attention which the president and his cabinet have been giving of late to the Mexican and other public matters.

The ceremony of tomorrow will be held in one of the historic rooms, the scene of so many gala events, with its handsome furnishings, and the profusions of flowers which the White House conservatory yields. President Wilson will give away the bride, and the groom will be attended by some of his near friends as groomsmen and best man.

Both of the contracting parties to the wedding of tomorrow have become well known here during the present administration. The future Mrs. McAdoo is the brunette of the Wilson daughters, twenty-three years old, with such an expressive face that most people call her handsome. She is tall and slender, her head is well shaped, her eyes are blue, and when she smiles—or better still when she laughs, which is often—she shows her fine teeth. Her hair is a shade darker than her mother's and she wears it in a coil wound round her head. She follows the modes in dress, without exaggeration.

Miss Wilson was born in Middletown, Connecticut, where her father was a professor at Wesleyan University. At fifteen she went to Raleigh, N. C., to boarding school. Later on while her sister Margaret went in seriously for vocal study, and another sister was engaged in social settlement work in the Kensington, Pa., mill district, the bride of tomorrow began her art studies in Philadelphia, inheriting her ability and taste in that direction from her mother.

Life at the capital opened up a program of events which the bride-to-be has enjoyed to the fullest. Most of the White House week-end guests have been former associates of the Wilson girls and have joined in their social activities here. The White House tennis court, famous during the Roosevent regime, fitted in perfectly in the Wilson girl's home pleasure scheme. Miss Eleanor, plays a good game of tennis, though equally devoted to horseback riding. She is also fond of walks, often joining the President in his jaunts, although her walking partner the past spring has been her future husband. Secretary McAdoo has tramped with her many afternoons after his office hours through the uptown streets and suburbs.

Miss Wilson's gowns of the past season have been especially well selected, and are part of her trosseau. One of her most becoming ball gowns was a white satin, both skirt and waist draped, the distinctive feature being the broad girdle of black velvet ribbon with long sash ends. Simplicity still rules the gowning of Mrs. Wilson and her daughters for the street and home wearing. One of Miss Eleanor's favorite hats this spring has been a shining black sailor faced with rose pink, with a fullblown rose and a bit of foliage perched on the left front of the brim.

The bridegroom of tomorrow, Secretary William G. McAdoo, was born in Marietta, Georgia, 51 years ago. He was only twenty-one when admitted to the bar, after his studies af the University of Tennessee. He practiced his profession in Chattanooga for eight years, then moved to New York. There he conceived the project with which his name is identified—the Hunson river tunnel system, linking New York and Jersey City. Mr. McAdoo was president of the system from 1902 to 1913.

Mr. McAdoo was one of the "original Wilson men", and as vice chairman of the Democratic National committee and as acting chairman during much of the 1912 campaign, the acquaintance between the two, fated to be bound together later by family ties, has had no breaks from its inception. Mr. McAdoo's first wife died about two years ago. She was Sarah Houston Fleming of Chattanooga, Tennessee. Of his six children, three sons and three daughters, the two oldest are married. They are Mrs. Charles Martin, who lives in Arizona, and Francis H. McAdoo of this city. The other children are William G. McAdoo, Jr. a student at Princeton; Robert McAdoo, at school at St. Pauls; Miss Nona McAdoo, who took part in Washington social life for the past year for the first time, and Sallie McAdoo, the little girl of the family.

Secretary McAdoo is both young in appearance and in temperament. He goes in for all the sports. He rides, plays tennis, and his manner with his sons and daughters is quite like that of a big brother. When he began the past winter to go out with his daughter, Miss Nona, his attentions to her, and to Miss Eleanor Wilson seemed just the same to the casual observer. His dancing has been seen in many ballrooms showing proficiency in the art and especially in its newer forms.

When Secretary McAdoo took a residence here last fall, he selected 1799 Massachusetts avenue. His household here has consisted of his two daughters. Until coming here, Mr. McAdoo and his family spent much time each year in his commodious residence at Irvington-on-the-Hudson, which perchance may soon become the scene of a honeymoon or a summer sojourn of the new Cabinet couple.

The Voting Remedy

By WALT MASON.

If voting could make us joyous, we'd all be as joyous as geese; no trouble would e'er annoy us, and there'd be no end of peace. The orators often implore us to vote for some certain jay and then all the woes that bore us wilt wither and blow away. We vote as we are requested, the jar to an office goes, and still we are all imposed by numerous griefs and woes. We list to the language jammers, who labor with tireless jaws, when we should be out with hammers or axes or plows or saws. I look on my home—it's paid for—my garden, with beans and peas; my ponies, you'd like to trade for—and voting brought none of these. I look on my well set table, with beefsteak and pie and cheese, and 'twould be a measly fable to say that my vote bought these. I look on my pile of stovewood, which says that I shall not freeze, and nary a truthful cove would say voting brings sticks like these. My pipe-dreaming neighbor hollers, "Come in, for the voting's fine!" I labor and earn the dollars, and pickle the same in brine. My load I am daily toting with chorties instead of tears, that's better than all the voting you'll do in a thousand years.

EAST STATE STREET PROPERTY OWNERS DISCUSS MATERIALS

Adjourned Public Hearing Held Wednesday Afternoon—Opinion is Divided Between Asphalt and Creosoted Blocks.

An adjourned hearing on the proposed East State street pavement was held Wednesday afternoon by the Board of Local Improvement. In the absence of Mayor Davis, E. M. Henderson was chosen chairman and Miss Bauman served as secretary. A number of property owners were present and the matter up for discussion was as to the material to be used in the pavement.

Commissioner Newman Met with the Board.

Originally about all of the property owners were of one mind and desired an asphalt pavement with creosoted blocks between the street car rails. Subsequently some objections were made to this type of pavement on the ground that a curb would be necessary just outside the rails in addition to the curbing adjoining the side walk. A committee of property owners went to Peoria to examine creosote block pavements there and came back in favor of having the East State street pavement make of blocks. Because of the hospitals on that street all the residents were of one mind that the pavement should be practically noiseless.

However the report of the committee which went to Peoria and subsequently recommended creosote blocks was not satisfactory to all the property owners and there are a number of them who favor asphalt still. Some of them believe that it will not be impractical to put asphalt in between the street car rails and if there are valid objections to this plan that there could be nothing particularly harmful about having asphalt pavement with a curb on each side and blocks between the street car rails.

A petition was filed with the board yesterday, or more properly speaking, a statement, indicating what various property owners prefer. A large majority of these property owners expressed a preference for asphalt but some of those who favor blocks stated that at least a part of those who signed for asphalt did so without any particular preference in the matter and without having carefully considered the various materials possible. It was also stated that in a case of Passavant hospital that no official action had been taken by the board of trustees.

Statefent of Preferences.

The statement of the preference of property owners filed yesterday was as follows:

John W. Crowe, asphalt.
J. W. Hairgrove, wood block.
F. J. Garland, wood block.
W. S. Ehnie & Bro., wood block.
Illinois Woman's College, wood block.
Centenary church, brick.
J. E. Stice, asphalt.
F. McKenna, asphalt.
W. P. Duncan, asphalt.
Otto Spieth, wood block.
E. Duncan, asphalt.
P. Bonansinga, asphalt.
Mrs. Charles Price, asphalt.
Mrs. Annie J. Kislingbury, asphalt.
J. H. O'Donnell, asphalt.
Mrs. E. R. Oswald, asphalt.
C. J. Peterson, asphalt.
Louis Piepenbring, asphalt.
D. M. Howe, asphalt.
Passavant hospital, asphalt.
J. T. and W. D. Mathers, brick.

The committee which went to Peoria to look into the merits of creosote blocks, included F. J. Garland, Dr. J. W. Hairgrove and W. S. Ehnie. These men were at the meeting yesterday and told of their trip and expressed their confidence in the satisfactory results which attend the use of creosote blocks in paving work. Otto Speith is also an advocate of creosote blocks as is Dr. J. R. Harker and both of these property owners expressed views accordingly. J. H. O'Donnell, Frank McKenna and Joseph Stice all expressed themselves in favor of asphalt. Mr. McKenna in his remarks referred to some cases of creosoted ties which he said did not give satisfactory results.

East State a Show Street.

In speaking in favor of asphalt D. M. Howe said that the first essential on East State streets was to get a pavement that would make a good appearance and would be durable as well. He commented upon the fact that so many visitors to the city pass along State street that in order to give them a good impression a fine looking pavement should be laid.

Dr. E. Duncan talked at some length and objected seriously to anything but asphalt as a paving material and maintained that a large per cent of the property owners wanted this kind of a pavement. He thought that the wishes of the majority should prevail and said majority should prevail and said able to pave between its rails in any manner directed by the board.

W. B. Miser for the street railway company said that there would be serious objections to using asphalt between the rails and adjacent to them as the jar from the moving cars would be certain to break the asphalt and tracks would be made when the bolts on the rails were tightened up. He said that personally he favored the creosote block pavement but that an asphalt pavement with blocks between the rails would also be fine. He further stated that the traction company would be glad to accord with the views of the majority of the property owners.

J. T. Mathers said that he favored a brick pavement because he considered it the most durable of paving materials and that if a wholly satisfactory job was not done that there would be less danger of failing to get value received from a brick pavement than from any other material. He mentioned that he had seen a block pavement in Escanaba, Michigan, which had been taken up because unsatisfactory and replaced for a full mile with asphalt.

R. E. Kneeland, representing the Kettle River Co., of Madison, Ill., manufacturers of creosoted blocks said that creosoted blocks properly treated were very durable and that any contractor who laid them would be willing to give a five year guarantee. He said he had no doubt if the matter was investigated that the paving Mr. Mathers referred to would be found to have been made of untreated cedar blocks. Some others in the assemblage spoke and then on motion of Mr. Spaulding with a second by Mr. Henderson, the hearing was adjourned until May 12 at 10 a. m. Mr. Henderson said that as a matter of courtesy to Mayor Davis, chairman of the board that the hearing should be adjourned and that aside from this matter that a petition of statement presented by property owners was not in proper form and did not show the frontage.

The modern young woman is often a "bundle of nerves"—"high strung"—fainting spells—emotional—frequently blue and dissatisfied with life. Such girls should be helped over this distressing stage in life—by a woman's tonic and nervine—that has proven successful for over 40 years.

Dr. Pierce's Favorite Prescription

is a keen enemy to the physical weaknesses of woman. A medicine prepared by regular graduated physician of unusual experience in treating woman's diseases—carefully adapted to work in harmony with the most delicate feminine constitution.

It is now obtainable in liquid or sugar-coated tablet form at the drug store—or send 50 one-cent stamps for a trial box, to Buffalo.

Every woman may write fully and confidentially to Dr. Pierce and his staff of physicians and Specialists at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and may be sure that her case will receive careful, conscientious, confidential consideration, and that experienced medical advice will be given to her free.

DR. PIERCE'S PLEASANT PELLETS regulate and invigorate stomach, liver and bowels. Sugar coated, tiny granules easy to take as candy.

HARD HITTING AND BRILLIANT FIELDING WINS FOR PHILADELPHIA.

Champions Pound Fifteen Safe Hits off Two Red Sox Moundsmen—Oldring Makes Two Circus Catches—Other American League Games.

Philadelphia, May 6.—Hard hitting and sensational fielding enabled Philadelphia to defeat Boston here today by 7 to 3. Oldring made two diving catches, one of them being the capture of a drive off Janvrin's bat which glanced off Daley's glove after the latter tried to get it by a leap into the air.

Strunk hurt his hand trying to make a diving catch of a fly by Speaker. The score:

Cobb and Crawford Defeat White Sox

Chicago, May 6.—Cobb's base running and Crawford's brilliant catch of Alcock's fly when Chicago had the bases filled in the fourth inning, helped Detroit defeat Chicago by 4 to 2 today. Cobb stole three bases and scored two of the visitors' runs and came very close to scoring in the first inning when he attempted to count from second base on a sacrifice fly. He would have stolen home in the eighth inning if High had swung at the ball but when the batter stepped back Cobb was caught a few feet from the plate. The score:

ZEIDER'S HOMER WITH THREE ON BASE WINS FOR CHICAGO

North Siders Swamp Buffalo Under 12 to 4 Score—Hendrix Whiffs Eleven—Other Fed Games.

Chicago, May 6.—Zeider's home run with three on bases in the fourth inning was the deciding feature of a wild game which Chicago won from Buffalo today by 12 to 4.

His long drive was the most fruitful of three home runs made during the contest and offset the effect of three errors he made. Hendrix set a league record by striking out eleven men. Wilson was struck below the temple by a thrown ball in the fourth and suffered a fracture of a small bone. The injury may keep him out of the game for several days.

SOME OFF-SIDE CHUTES.

A few days ago this column stated that Ollie Pickering was the "inventor" of the hidden ball trick. Some bugs who can observe a fly climbing a barn door, but who in glimming said fly are unable to sight the door, claim the writer was in error, and that Mike Kelly was the discoverer of the trick. The writer of this dome is compelled to insist that he was correct, and is able to produce statistics to prove his assertions. Long before "King" Kelly cut loose from the anthracite regions of Pennsylvania and joined the National league, Ollie Pickering, as a youth, was working the hidden ball play around the mud lots of Vincennes, Ind., upon the sand dunes of Bridgeport and Robinson, Ill., the centers of the oil and natural gas fields of today. At Olney, Ill., thirty years ago he taught it to the school boys upon his frequent visits to that place when he was courting Mrs. Pickering. "King" Kelly worked the double ball racket for several years, until the commission outlawed all but one ball in play. Kelly was the inventor of many of the tricks now in use in the game—but not of the hidden ball. And while writing of Ollie Pickering, not many fans know how the former Athletic and Cleveland slugger broke into the ranks of the profession. As a kid, Pickering's services were in constant demand around Vincennes, Washington and Princeton, Ind., as well as at Olney, Sumner, Bridgeport and Robinson, Ill. A cowpuncher who had watched him perform at one of these places advised Ollie to go to Dallas, Texas, where some ranch owners were supporting a baseball team and a brass band. Pickering took the cowboy's tip, and started for the Lone Star state immediately, walking half way to St. Louis, from which place he "chartered" the hobo's delight—a box car. He was nearly a week in reaching Dallas. He was a sorry sight when he left the "side-door Pullman" and walked out to the baseball park that blistering July afternoon in 1880. His shoes were kept together by knots of twisted hemp and his clothes were tattered. Arriving at the gate, he inquired: "Mister, are you looking for a ball player?" The gatekeeper happened to be the manager, and when he had recovered his senses he asked Pickering the whereabouts of the player. "Here I am," answered Ollie. When the manager recovered from the second shock, he asked the "tramp" what position he played, to which Pickering replied: "Any derned one in the line-up." The manager grabbed a sub. for the gate and hustled Ollie into the club house and fitted him out in a uniform. He was placed in centerfield that afternoon and was credited with five put-outs and two assists. That evening Ollie owned Dallas, the hotel barroom and the cowboy band. But he did not grab all of these things for his brilliant fielding. Dallas had won the game, the first in many weeks, and it was Pickering's war club that turned the trick. He faced the opposing pitcher four times, made three home runs, and a two bagger, and each time he came to the pan the runways were populated. He did not remain long at Dallas, leaving there for Fort Worth where a combination if cowpunchers boosted his salary to $75 per month—$15 above his Dallas stipend. With Pat Tebeau in Cleveland and afterwards with Connie Mack, the same comical Pickering was a nightmare to all opposing pitchers. Last year he managed Vincennes in the Kitty league and he lead the league in batting. His underpinning was weak last year, but this spring the "old hoss" claimed his columns had come back and were as nimble as ever. He was seeking a berth with the Federals of Indianapolis a few weeks ago, but up to date his name has failed to appear in the box scores.

Otis Clymer, with the Millers, met up with a bad accident at Minneapolis Monday. Leverett of Louisville in trying to catch him napping at first, banged the ball in that direction, catching Clymer on the right arm and cracking a bone. The ex-Cub will be out of the game for at least a month.

Organized b. b. and outlaw b. b. have run law by injuction to death, so that the creditors of pugs have been compelled to resort to law by garnishee. Young Wagner, who contracted to face Wolgast last Monday, night for $250, had his "bit" sewed up by Fred Gilmore and others when a Michigan constable garnisheed the man in the box office.

Something must be awry with the breezes off Lake Erie. During the Tigers' four days' sojourn in Cleveland Wahoo Sam Crawford did not gather his customary home run.

WORLD'S MARKET NEWS

STOCK MARKET LACKS INITIATIVE; IS IN ACTIVE

Indications Are For Long Period of Inaction Pending the Clearing Up of Some of Important Problems.

New York, May 6.—The stock market was almost at a standstill during most of today's trading. In the foreign markets as well as at home initiative was lacking and indications were for an indefinite period of inaction pending the clearing up fo some of the more important problems which obscure the outlook.

In the morning prices eased off on scattering realizing and the sale here of a few thousand shares by London. A recovery occurred however, on which Reading made temporary showing of strength, but in the last hour the list sagged again. Northern Pacific, Missouri Pacific and Chesapeake and Ohio were distinctly heavy but the average change was trifling.

Pig iron statistics for April made a better showing than had been expected. Steel market conditions, according to the weekly reviews by trade authorities, showed no improvement. In the copper market current business was said to be unusually dull.

Demand sterling rose to the highest figure of the year today and it was expected that further engagements of gold for Europe would be arranged.

GRAIN AND PROVISIONS AVERAGE HIGHER PRICES ON WEDNESDAY

Chances of Decreased Acreage Brings Strength in Wheat—Provisions Ascend With Hogs and Grain.

Chicago, May 6.—Chances of decreased acreage in the Red River Valley, both on the Minnesota and the Dakota sides, had much to do today with bringing about strength in wheat.

The outcome was a steady close at a shade to ¼@⅜c net advance. Corn finished a sixteenth off to ¼@⅜c up; oats with a gain of ⅛c to ⅛@¼c and provisions dearer by 7½c to 20c.

Flattering prospects for winter wheat made prices undergo a dip at one time, but during most of the day the market averaged higher. The firm cables and decreasing supplies in Europe as well as the United States were helpful to the buying side. So far this week, Northwestern stocks have been cut nearly 1,500,000 bushels.

Leaders in the corn crowd were inclined to be bullish on account of continued delay in Argentine shipments. At first, however, reports of better weather in Argentina made quotations sag. Corn planting in the United States is extending northward rapidly and barring unusual rains the work will be finished on time with some increase of acreage.

Offerings of oats were not large either futures or cash.

The market is still fairly well protected against competition by Canada as higher prices are prevailing there.

Provisions ascended with hogs and grain. There was also a reported improvement in the south demand for cash meats.

SAYS SULPHUR DRIVES ECZEMA FROM THE SKIN

Use Like Cold Cream to Stop Itching and Clear the Skin.

Sulphur, says a renowned dermatologist, just common bold-sulphur made into a thick cream will soothe and heal the skin when irritated and broken out with Eczema or any form of eruption. The moment it is applied all itching ceases and after two or three applications the Eczema disappears, leaving the skin clear and smooth.

He tells Eczema sufferers to get from any good pharmacy an ounce of bold-sulphur cream and apply it to the irritated parts the same as you would any cold cream.

For many years common bold-sulphur has occupied a secure position in the practice of dermatology and cutaneous affections by reason of its parasite-destroying property. It is not only parasiticidal, but also antipruritic, antiseptic and remarkably healing in all irritable and inflammatory conditions of the skin. While not always effecting a permanent cure it never fails to instantly subdue the angry itching and irritation and heal the Eczema right up and it is often years later before any eruption appears on the skin.—adv.

Sick Headache.

Mrs. A. L. Luckie, East Rochester, N. Y., was a victim of sick headache and despondency, caused by a badly weakened and debiliated condition of her stomach, when she began taking Chamberlain's Tablets. She says, "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health." For sale by all dealers.

Spring Opening Announcement and Showing of a Famous New Line of Stoves and Washing Machines

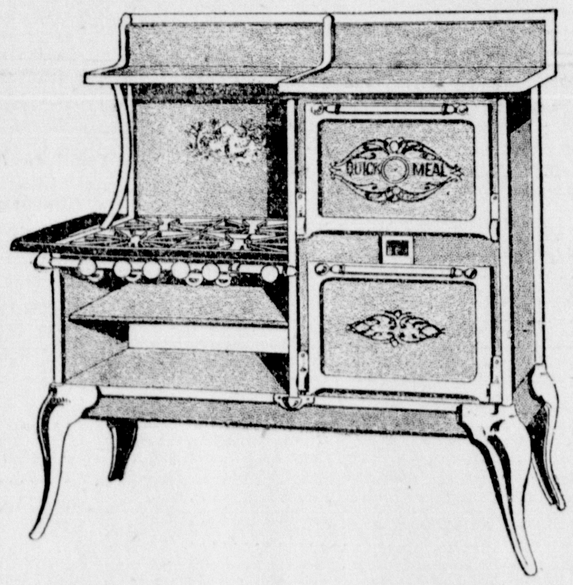

CAKE AND PASTRY

Mrs. Minish will discuss Pie and Cake Baking this afternoon at 2 o'clock in her Demonstration of the Quick Meal Gas Range. The Roasting and Broiling Lesson yesterday was well attended.

COME TODAY SURE

From this Date to May 9, Inclusive

We are going to introduce in Jacksonville a new line of hot weather goods—stoves and washing machines, and have made arrangements with the factories to send representatives of experience and ability to be with us during the demonstration and introduction. We extend a cordial invitation to the public to visit our salesroom during the period mentioned. We are confident that the things we will show will be found most interesting and practical. Mrs. Elizabeth Minish, head instructor for the Laclede Gas Company of St. Louis, will demonstrate the efficiency of this latest type of range.

A Very Special Offer

At any time during the days mentioned above we will take back your old low oven stove and allow you $5 on the purchase of a Cabinet Range. This is positively the only time that this offer will be made this year.

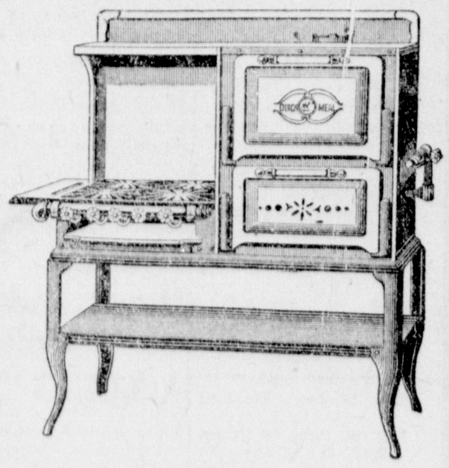

ABSOLUTELY BEST OPPORTUNITY OF THE SEASON

A Cabinet Range to be Given Away

To each adult person visiting us during this demonstration we will give a ticket that will entitle the holder to a chance on this magnificent $34 Cabinet Range. It is a beauty, glass doors and enamel parts.

See This Gift Stove in Our Window

Of particular interest will be a demonstration of the famous Thor Washer, one of the greatest household devices brought out in recent years—a time, labor and expense saver.

We also take pleasure in announcing at this time a further cut in Mazda Tungsten Lamps, which will bring these lamps within the reach of all.

HERE AT HOME
Jacksonville Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Jacksonville citizen:
G. V. Skinner, blacksmith, 853 South East street, Jacksonville, Ill., says: "I am convinced that Doan's Kidney Pills are the best kidney medicine to be had. One of our family suffered a great deal from kidney weakness and backache and was relieved in every way by Doan's Kidney Pills."
"When your back is lame—Remember the name." Don't simply ask for a kidney remedy—ask distinctly for Doan's iKdney Pills, the same that Mr. Skinner had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., props., Buffalo, N. Y.

CHECK CHRONIC RHEUMATISM NOW
RHEUMA Thoroughly Drives Out Deep-Seated Uric Acid Poison.

There is only one way to be free from Rheumatism—the accumulated impurities caused by an excess of Uric Acid poison must be expelled from the body. That is what RHEUMA will do and do it thoroughly. If you suffer from any form of Rheumatism—Sciatica, Inflamatory, Arthritis, Muscular, Lumbago or Gout—get a bottle of RHEUMA from your druggist for 50 cents—it is guaranteed.
"For six years I was a cripple on crutches from Rheumatism. One bottle of RHEUMA cured me completely."—J. K. Greenberg, 2238 Cottage Grove Ave., Chicago, Ill—Adv.

WABASH TRAIN KILLS COW.
Wednesday morning the west bound Wabash passenger train killed a cow east of the city, which was owned by Mary Hennessey of Center street. The cow went through a wire fence from the pasture to the right-of-way.

WHY THEY MARRIED.
The maids and bachelors of Jacksonville may be interested in the reasons given for marriage by a number of men in a western New York town. Postal cards were sent to all the married men in town, with the question, "Why did you marry?" and the following are among the answers returned:
"That's what I've been trying for 11 years to find out."
"Married to get even with her mother—but never have."
"Was freckled faced and thought it was my last chance. I've found out, however, that freckles ain't near as bad as henpeck."
"Because I was too 'lazy to work."
"Because Sarah told me that five other young fellows had proposed to her. Lucky dogs!"
"The old man thought eight years courtin' was long enough."
"I was lonesome and melancholy and wanted some one to make me lively. N. B.—She makes me lively, you bet!"
"I was tired of buying ice cream and candies and going to theatres and church and wanted a rest. Have saved money."
"Please don't stir me up."
"Because I thought she was one among a thousand; now I sometimes think she is a thousand among one."
"Because I did not then have the experience I now have."
"The governor was going to give me his foot, and I took his daughter's hand."
"I thought it would be cheaper than a breach of promise suit."
"That's the same fool question all my friends and neighbors ask."
"Because I had more money than I knew what to do with. And now I have more to do than I have money."
"I wanted a companion of the opposite sex. P. S.—She is still opposite."
"Don't mention it."
"Had difficulty in unlocking the door at night and wanted somebody in the house to let me in."
"Because it is just my luck."
"I didn't intend to go and do it."
"I yearned for company. We now have company all the time—her folks."
"I married to get the best wife in the world."
"Because I asked her if she'd have me. She said she would. I think she got me."
—Chicago Record-Herald.

PASSING OF PROF. W. W. W. JONES.
Elder John T. Jones was one of the great men of the Christian, or Disciples church in Jacksonville and in Illinois.
He was the father of Chas. W. Jones, late of Lynnville neighborhood, who married a sister of the Hon. John Gordon. A younger son was Thomas, who left here years ago. A daughter was Mrs. Oliver Pyatt, who died within the past year and a son was W .W. W. Jones who died recently. There were probably other sons and daughters not recalled.
Mr. Jones was active and prominent in other than religious matters. He belonged to our wonderful fire company of 1840, which contained so many men afterwards prominent or great. Mr. Jones was a founder and first Scribe of Jacksonville Chapter No. 3, Royal Arch Masons, which was instituted July 25, 1845.
William Wallis Woodward Jones was born in Jacksonville, Illinois, December 3, 1842. He attended common country schools and later the preparatory department of the Christian University, Canton ,Mo. His college education was acquired in Eureka College, Illinois, from which he was graduated in June, 1866, with the degree of A. B., taking that of A. M. in 1867.
Mr. Jones became superintendent of the public schools of Nebraska City, Nebraska, in 1868, and principal of the Lincoln, Neb. high school in 1874, continuing in that position until 1880.
Prof. Jones was elected superintendent of Public Instruction for the State of Nebraska in 1880, which office he held for six years. The writer met him in his office in the capitol during his service as superintendent, and was agreeably impressed by Prof. Jones' appearance and manner.
Mr. Jones moved to Denver, Colorado in 1891, having been appointed paymaster of the Colorado Fuel and Iron Company, which position he held until his death, March 10, 1914.
Mr. Jones enlisted in the 139th Regt. Ill. Vols., from which he was honorably discharged at the end of his enlistment. He was a member of the G. A. R. and served as post commander of Appomattox Post, Lincoln, Neb., and at his death was a member of Geo. Washington Post No. 85, G. A. R., Dept. of Col. He was also a member of A. F. and A. M. lodge.
Mr. Jones united with the Christian church at Centralia in 1853, and remained a member of that body until his death.
He married Miss Annie Cinnamond in Nebraska City, Neb., Dec. 28, 1871. Mrs. Jones survives him. They were the parents of a daughter, Miss Auber A Jones, of Denver; Mrs. Benj. J. Radford, of Roanoke, Ill., and a son, J. Woodward Jones, of Wayne, Nebraska. The latter married Miss Clara K. Smith, daughter of Mrs. Ella King Morrison, of Lincoln, Neb.
Ensley Moore.

STOMACH SUFFERERS! READ THIS
So many stomach sufferers have been benefited by a simple prescription of vegetable oils which cured a Chicago druggist of chronic stomach liver and intestinal trouble of years' standing that we want you surely to try this remedy. It is known as Mayr's Wonderful Stomach Remedy. One dose will convince you. It usually gives wonderful relief within 24 hours—even in the most stubborn cases. Mayr's Wonderful Stomach Remedy is now sold here by Armstrong's Drug Store.—Adv.

WOMAN WOULD NOT GIVE UP
Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.
"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.
Women Have Been Telling Women
for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

CHALLENGE WAIST SALE!

It took considerable preparation and careful buying to make ready for this sale. We have planned to establish it as Jacksonville's banner waist event. We secured sample lines and surplus manufacturers, who made sacrifices in order to get their lines into our department. We told them that we wanted to startle Jacksonville with a wonderful waists sale and we have no doubt whatever that we shall do so. In this sale there are 1,000 remarkably pretty waists of white voile and tub silk. According to our judgment these waists would retail regularly at $2.00, $2.50 and $3.00, they are the very newest and most dainty models, as they up to $3.50 waists; also show mandarin sleeves, yoke effects, dainty lace trimmings in all over embroidery some trimmed with organdy, the latest craze and used only on $3.50 waists; also plain effects for the more sedate women. Some samples in size 36; others come in all sizes. There is a variety of models to satisfy every imaginable want. No woman should miss this opporunity to secure many of these waists.

SENIOR PIANO RECITAL GIVEN THIS AFTERNOON.

Excellent Program Has Been Prepared by Miss Mary Shastid of I. W. C.

Miss Mary M. Shastid will give her senior piano recital this afternoon at 4:15 o'clock in Music Hall at the Woman's college. Miss Shastid is a pupil of D. M. Swarthout and is always heard with pleasure by discriminating Jacksonville audiences. The public is cordially invited to her reital this afternoon.

Miss Shastid will play:

Beethoven. Sonata, Op. 57.—Allegro assai—Andante on moto—Allegro ma non troppo.

Chopin—Ballade in G minor—Impromptu, Op. 51—Etude, Op. 10, No. 12—Berceuse—Scherzo in B-flat minor.

Liszt — Waldesrauschen—Gondoliera—Tarantella.

Whooping Cough.

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by all dealers.

BUILD BASES AROUND ISLAND LIGHTS

The island light posts in the square have been surrounded by a concrete base, circular in shape, about six feet in diameter and a foot high. This will be a great improvement and will somewhat remind one of the safety places in the crowded streets of London where there are in the middle of streets raised spaces on which pedestrians may stand as crowding vehicles pass by and watit till they move along.

NOTICE.

Bring in your schedules. Are waiting for them.

ADDING TESTS MADE IN GRADE SCHOOLS

Pupils Showed Much Ability in Examinations In Addition Made in Various Wards.

An examination was held in the various wards schools of the city on addition. The same problems in addition were used in the 4th and 5th grades and more difficult problems in the 6th and 7th grades. The figures to the right of each pupils name shows the number of minutes it took the student to add the figures on the sheet given. Two were chosen from each room, speed and accuracy being the basis for the markings. This was the preliminary test and a final test will be made next Wednesday.

WILL DISTRIBUTE BOOKLET ADVERTISING JACKSONVILLE

Officials of the Wabash railroad have offered to aid in the distribution of the Jacksonville advertising booklets, according to a letter just received by Secretary Fritchey from W. L. Bowlus of Springfield, the division freight agent. Mr. Bowlus quotes from a statement by J. D. McNamara, general passenger agent of the Wabash, by which he is empowered to distribute the booklets in any territory Mr. Fritchey may suggest.

OPENING DAY IN TRI-STATE.

Reading, Pa., May 6.—The six clubs of the Tri-State Baseball league lined up today for the opening contests of the 1914 season. This is the eleventh season of the league and the club owners and managers predict that it will be the most successful since its organization. For the opening contests Trenton appeared at Wilmington, Harrisburg at York and Allentown and Reading. The schedule calls for a season of 110games, ending Labor day.

ROADWAY ALONG ILLINOIS AVENUE WILL SOON BE USABLE

C. P. & St. L. Has Force at Work Removing Switch.—Street Railway Tracks Also to Come Out.—Changes Will Facilitate Railroad Traffic.

A force of employees of the C. P. & St. L. road is at work removing the switch track of the C. P. & St. L. which is on Illinois avenue. The work of extending the track across Independence avenue to connect up with the Burlington was completed several days ago. Now the switch track is being removed to carry out the agreement with the city. It is understood that after the switch track has been removed that the main tracks will be placed 3 feet further apart to make it possible for the Burlington freight trains to pass each other with proper clearance.

As a matter of fact all these changes are being made in order to take care of the Burlington's heavy coal traffic and with the double tracking arrangement which the changes make possible the coal trains will be moved with much greater facility than has been true in the past. It is maintained truly that it will be an advantage to the city to have the trains move with less delay and thus have the crossing blocked less frequently.

Later on the Street car company is to remove the track which has carried cars down to Illinois avenue to the site of the junction station and this will open up a drive way clear from tracks which will be 20 to 25 feet in width. There is a likelihood that this will be paved and as a highway it will prove a great convenience to the public and will relieve East State street of a good deal of traffic as many wagons and carriages going from and to the stations will use the Illinois avenue and the North street pavements.

While the changes will be of some benefit to the public the C. P. & St. L., will be benefitted greatly also for as Vice-President Hurst recently stated the track along Illinois avenue with the rentals it brings to the road from the Burlington is worth more than the whole line reaching from Jacksonville to Havana. The arrangement also means a great deal to the Burlington and will enable them to save a lot of money and time through the increased facilities for handling the vast number of coal trains which are carried on the division during the fall, winter and spring seasons.

In the past the Burlington has handled a great many of these trains and because of there being no double track facilities there have been costly delays. With the number of coal mines in the southern district continually increasing and with a corresponding increase in the coal tonnage handled by the Burlington the new trackage arrangement is a matter of great importance to that road.

VEHICLE TAX NOW DUE.

Notice is hereby given that vehicle license is now due and payable at this office. The ordinance requiring the payment of a vehicle tax will be strictly enforced.

R. L. Pyatt, City Clerk.

A STUBBORN COUGH IS WEARING AND RISKY.

Your system is run down and you have but a low degree of vital resistance when a cough "hangs on" as often happens in the spring of the year. Chronic diseased conditions of the nose and throat result, and a good many cases of lung trouble are directly due to neglected colds. Foley's Honey and Tar is thoroughly effective in cases of stubborn racking coughs, bronchial coughs, hoarseness, tickling throat, bronchial asthma and the chronic coughs of elderly people. It is very healing and soothing to the inflamed mucus membranes, and should always be in the household where there are children, as it is the best and safest thing you can give your child for croup or whooping cough. Foley's Honey and Tar contains no opiates, and that alone recommends it to careful parents. And its superior healing and soothing qualities, and its quick beneficial action, makes it the best medicine for coughs and colds that you can buy. In 25c, 50c and $1.00 bottles everywhere. Do not take any but Foley's Honey and Tar Compound. For sale by City Drug Co. and J. A. Obermeyer—adv.

PERSONAL TAX NOTICE.

All personal tax is past due and must be paid at once to avoid considerable trouble and extra expense.

Sheriff and Ex-officio Collector of Morgan County.

NORTHERN LEAGUE OPENS.

Winnipeg, Man., May 6—With important changes in the circuit and among the managers and players, the Northern Baseball league started on its secon season today with every prospect of eclipsing the record of last year for general success. The circuit this year is made up of teams in Winona, Duluth, Superior, Grand Forks, Winnipeg, Virginia, Fargo and Fort William, the last two named places having been given the berths occupied last year by Minneapolis and St. Paul.

The managers who will pilot their respecive teams in the race for the pennant are "Lefty" Davis, Winona; Fred Curtis, Winnipeg; Darby O'Brien, Duluth; Jack Landry, Superior; Eddie Wheeler, Grand Forks; Bob Unglaub, Fargo; Art Lizzette, Fort William, and "Kid" Taylor, Virgina.

In the initial contests today Duluth lined up against the champions of last year at Winona, Superior appeared at Moorhead (Fargo), Virginit at Grand Forks, and Fort William at Winnipeg.

MORTUARY

Bristow.

The following from the Cincinnati Tribune refers to one born and reared in this city, the daughter of Rev. Benjamin Bristow.

"The funeral of Miss Pauline H. Bristow, late assistant principal of Belcourt Seminary in Washington, D. C., will take place at the residence of her brother, Prof. Frank Bristow, 1051 Russell avenue, at 2 p. m. Saturday. The services will be conducted by the Rev. Mr. Harris of the Scott Street M. E. church.

"B. F. Graziani, Charles H. Fisk, John P. Harbick and Theodore Hamilton will act as pallbearers. The following former school associate of Miss Bristow will act as escorts: Misses Fannie French, Garrie Bonny, Marie Temple and Mrs. Snydor Hall.

"Requiem music will be rendered by Prof. Bristow and the decedent's nephew, Bristow Hardin of the Cincinnati Conservatory of Music."

Smelser.

Many residents of Jacksonville will doubtless remember William R. Smelser who lived here some years ago. Rev. John Hillerby has received an Emporia, Kansas, paper which contained the following account of his sudden death:

"William R. Smelser was found dead in his bed this morning at his home, 743 West Sixth Avenue. A stroke of apoplexy caused his death, which came as a shock to the members of his family. Mr. Smelser had been in excellent health, and was active in his life insurance business until the day of his death. He attended the May Day fete with Mrs. Smelser yesterday afternoon, and was in his usual health last night.

"Mr. Smelser had lived in Emporia for the past thirty years, engaged all of his time in the life insurance business. He was widely acquainted in the town and in the surrounding country. He was born in Richmond, Ind., June 24, 1842. He was married to Miss Amanda Roberts, May 10, 1867, in Sturgis, Mich. The family came to Emporia in 1884.

"Mr. Smelser is survived by his wife and four children and eleven grandchildren. The children are E. W. Smelser, W. N. Smelser, Miss Edith D. Smelser of Emporia, and A. B. Smelser, of Monroe, La. His brothers and sisters, Jacob and Nicholas Smelser, Mrs. Lizzie Coughlin and Mrs. Alice Bradbury, live in Liberty, Ind."

Hitt.

Relatives here have received news of the death of Frank Hitt at his home in Idaho Falls, Idaho. The deceased was a son of Mrs. Phoebe Hitt, and had often visited in Jacksonville. He had been living in the west for a numbers of years and had been very successful in a business way.

Wonn.

David Estaque received a telegram Wednesday from R. L. Gonsalves, announcing the death of his cousin, George Wonn, who passed away, Tuesday night at 9 o'clock. The deceased was 48 years of age and is survived by his widow, who is a sister of R. L. Gonsalves, and a daughter, Gertrude Wonn. Several years ago Mr. Wonn resided in Springfield and was a frequent visitor to Jacksonville where he made many friends.

Mr. Wonn passed away at the home of his brother in law R. L. Gonsalves at Hubbard Waads. The funeral party reached Springfield at 11:15 o'clock last night and included Mrs. Wonn and daughter Gertrude, Mr. and Mrs. R. L. Gonsalves, Mrs. eGorge F. Gonsalves, and Mrs. Ellen Vincent.

The funeral will be held this afternoon at 3 o'clock from the home of Mrs. Wonn's sister, Mrs. Joseph Meline, 1026 North Ninth street, Springfield. Mr. and Mrs. David Estaque of this city expect to attend.

Hawk.

Samuel J. Hawk, aged 19 years, died Wednesday morning at six o'clock at the family residence, 1016 Lincoln avenue. Although he had complained of pains in his stomach for some time, his condition was not considered serious until a short time before his death. A post mortem examination performed by Dr. H. C. Woltman disclosed that death was caused by peritonitis, caused by a perforating ulcer of the stomach. He is survived by his father, stepmother, two brothers and one sister.

Arrangements for the funeral have not been completed.

FUNERALS

Goltra.

Mr. and Mrs. George Imgrund have returned from Chicago where on Tuesday they attended the funeral services of Mrs. Imgrund's father, James Goltra. Mr. Goltra was foreman of the Wabash shops in Chicago and went to the company's hospital in Decatur Friday where he underwent a very serious operation. He died Sunday morning at 1 o'clock.

Mr. Goltra was born in New Jersey 60 years ago and the family has been residing in Chicago for the past 15 years. He leaves his widow and two daughters, Mrs. Imgrund of this city, and Miss Lagouri Goltra at home.

SOLD CARS IN SPRINGFIELD.

David Estaque was in Springfield Wednesday and while there contracted with Samuel Davis for a ton and a half Harder truck. He sold also a 70 horse power McFarlan Six car to Mr. Onstatt. The fact that Mr. Estaque is able to get into a large city like Springfield and make sales in competition with the many dealers there indicates that he is handling the right kind of cars.

WAS LAST REGULAR DANCE

The Kangaroo club held their last regular dance this season Wednesday evening at Degen's hall with twenty-five couples in attendance. Music was furnished by Randall's orchestra and Paul Fritchey and Marcy Osborne had charge of the arrangements.

WIRELESS OPERATORS HEAR FROM MANY COAST STATIONS

Receive Messages Practically All of Time Between 9:30 and 11 O'clock Wednesday Night.

A. D. Hale, president, and L. E. Wackerle, wire chief of the Central Illinois Radio club, were most successful in their wireless work on the Ayers National Bank Wednesday night and heard from several coast stations. The work was observed by a number of interested persons.

Conditions for wireless work last night were almost perfect. There was very little static in the air and the men heard Key West, Fla., and Sayville, L. I., together with a number of other coast towns. Between 9:30 and 11 o'clock they were receiving messages practically all of the time. Federal laws governing wireless prohibits any messages being given out.

MATRIMONIAL

Barrett-Lawson.

The marriage of Herman E. Barrett and Miss Anna Edith Lawson took place Wednesday night at 7 o'clock at the home of Dr. G. W. Miller in Woodson, who performed the ceremony. The marriage was witnessed by Mrs. Edward Gallagher and Miss Meda Gallagher.

The bride is the daughter of Mr. and Mrs. Albert Lawson, who reside four miles southwest of Woodson. The groom is the son of Mr. and Mrs. John W. Barrett and was born and reared in Greene county.

The young people expect to make there home on a farm two miles west of Woodson.

REPORTS STATE CONFERENCE OF CONGREGATIONAL CHURCH

Annual Meeting at Aurora Reported by Miss Georgia Fairbank at Congregational Prayer Meeting Wednesday Evening.

The annual sessions of the Congregational Conference of Illinois and the yearly convention of the Illinois Woman's Home Missionary Union, were the subject of a report Wednesday evening by Miss Georgia Fairbank at the Congregational church mid-week service. Miss Fairbank went as a delegate from the local church to these meetings which were held at Aurora April 27-30 and were attended by over 400 ministers and members of Illinois Congregational churches.

Herbert C. Herring, secretary of the national council, was present and gave an interesting address on "The Forward Outlook for Congregationalism From 1914 Until 1920." Prof. Starr of the University of Illinois and the Rev. John Andrew Holmes of Aurora were among the other important speakers. The Rev. James M. Lewis of Sandwich, Ill., was moderator of the conference and the Rev. Ozora F. Davis of the Chicago Theological seminary was chaplain. Dr. Davis has spoken from the chapel platform at Illinois college. The chairman of the entertainment committee was Prof. J. H. Freeman, formerly head of the Illinois School for the Blind. The general theme of the conference was "Pastoral Leadership and Lay Responsibility." William Goodwin of Naperville was chosen moderator for next year and it was decided to hold the next conference at Rockford.

CLOSE FRIENDS OF THE WILSON FAMILY GATHER FOR WEDDING

White House is Scene of Family Reunion.—Wedding Party Rehearses Ceremony.

Washington, May 6.—The White House tonight was the scene of a family re-union and gathering of close friends who are here for the wedding tomorrow of Miss Eleanor Randolph Wilson, youngest daughter of the President and Mrs. Wilson to Secretary McAdoo. The wedding party rehearsed the ceremony today. The affair will be simple and strictly private, the only officials invited being the vice-president and members of the cabinet. There will be no newspaper men present as at previous weddings.

Miss Wilson's six girl chums who would have been her bridesmaids had the wedding been an elaborate one, were guests at the White House tonight. After dinner the young folks went to the theater. All day the White House was busy preparing for tomorrow's event.

The marriage license was obtained late today by P. H. Hoover, the veteran chief usher at the White House. The age of the bridegroom was given as fifty years and that of Miss Wilson as twenty-four. The Rev. Sylvester W. Beach of the First Presbyterian church at Princeton, N. J., who officiated at the last White House wedding was named as the clergyman for the occasion.

JOHN WILDAY ANSWERS SUMMONS OF DEATH

Resident of Arenzville Passes Away in the 76th Year of His Life—Burial Will Be Made at His Old Home.

John Wilday, a well known resident of Arenzville, died at midnight, Wednesday night in this city, where he had come three weeks ago for treatment. He had been in failing health for some time and death was not altogether unexpected.

He was born in 1838 and spent a number of years on his farm east of Arenzville. He was twice married his first wife being Miss Huston and his second wife, Miss Mary Kircher, the latter dying a year ago last January in this city. After the death of his first wife and also following the death of his second wife he had made his home with his sister, Mrs. John L. Weeks of Arenzville. He had retired from farming 20 years ago.

He is survived by two sisters, Mrs. William Webster of Danville and Mrs. John L. Weeks of Arenzville, and one brother, George of Oklahoma City, Okla. The remains were taken to Williamson and Cody's undertaking parlors and will be sent this morning over the Burlington to Arenzville to the hoem of his sister, Mrs. Weeks. Funeral arrangements will be announced later.

MONEY

It's MONEY that does the business

Get this one truth firmly fixed in your mind to start with:
The man who pays cash saves more than 20 per cent and gets better goods and service than the man who runs a book.

Prove this for yourself by getting prices from the advertised bargains at the cash store and comparing them with what you have been paying on charged accounts.

Come and start a credit with us and we will loan you the MONEY to pay cash for everything and after you have once established a credit with us you can get MONEY on a moment's notice.

EVERYTHING STRICTLY CONFIDENTIAL

Call, Write or Phone Ill. or Bell 449 and our agent will be pleased to call at your residence and explain our liberal plan.
